SIERRA COTES
SYRAH-GRENACHE-MOURVEDRE

Winemaker's Note

Sierra Côtes, meaning "Slopes of the Sierra," showcases our wine region's elegant and robust mountain fruit. The area benefits from hot days and cooler nights, creating an ideal Mediterranean microclimate for delicate Rhône-style grapes like Syrah, Grenache, and Mourvèdre. This climate allows the grapes to ripen perfectly on the vine while maintaining acidity. The resulting wine presents a harmonious balance of brambly black and red fruit flavors, complemented by savory notes of olive tapenade, pepper, Provencal herbs, and baking spices.
